## How our DALI/DMX/0/1-10V LED track light work?

DALI/DMX/0/1-10V signals connectors, it is completely separately with AC input

AC Input,  
L1,L2,L3 And N

# DALI/DMX/0/1-10V LED Track Light catalogue

- Our DALI, DMX, 0/1-10V LED track light is completely different with most of the track light in the markets,
- The signals was completely separately with AC in put, avoid the mistake of the fixture and no interfere to the signals, it is much safer and better lighting performance.
- DALI series LED track light, our track light can work with Tridonic, Philips, Mean Well, TCI etc DALI driver, dimmable and flicker free,
- You can get a excellent perfomance with our track light,.
- DMX series LED track light, Our track light work with DMX512 dimmable driver, they can work with normal DMX console or master sleeve, you can control them together or seperately.
- 0/1-10V series LED track light, our track light can work with normal track, with 0/1-10V dimmer, can get a very good dimming effect, very soft and no flicker in any brightness.

# A Series DALI/DMX/0/1-10V LED Track Light catalogue

- **LED light source:** CITIZEN/CREE/SHARP COB LEDs,
- **Lumen:** 90-100lm/W, CRI97, 90+/80+ for your selection
- **Housing Material :** 6063 Brushed aluminum,
- **Phase:** 6-wire DALI power adapter
- **Power Option:** 10W, 15W, 20W ,30W, 35W
- **Driver:** Tridonic, Philips, Mean Well, TCI DALI driver, PF>0.95, PE>88%, **DALI, DMX, TRIAC, 0/1-10V, ZigBee, RF dimmable,**
- **Warranty:** 3-5 years warranty any quality problem, we will send driver or lamp or accessories for replacement first, we pay the shipping cost too,

# DALI/DMX/0/1-10V LED Track Light catalogue

- **FAQ:**
- **1.What is CRI?**
- CRI is short for color rendering Index
- **2. Why should I take CRI97 Lamps?**
- Higher CRI lights will let you see the natural color of the goods, if CRI70 or lower, the goods looks ugly or loss the natural color with the lights.
- **3. What is your LED brand?**
- We take Citizen COB LEDs as light sources, it is original from Japan
- **4. Why Citizen COB LEDs?**
- Citizen is the leader of COB LEDs, it is the best suppliers worldwide.
- **5. Why the lumen is only 90-100lm?**
- Higher CRI, the lumen will be lower, but Citizen COB is the highest when the CRI97 compared with other brand,
- **6, Why DALI/DMX/0/1-10V LED track light?**
- You can replace the old lamps directly, save time, save money.

## The End

## Thank you
